Continuous learning and professional development
Adaptability to new technologies and development environments

TECHNICAL SKILL

Programming languages: PHP, JavaScript, HTML, CSS
Frameworks: Laravel, Vue.js, jQuery, Bootstrap, TailwindCSS
Databases: MySQL, MongoDB
Tools: Git, Visual Studio Code, PhpStorm, Postman, ClickUp

EDUCATION

BS Software Engineering

2019 - 2023

The University of Faisalabad

While earning my BS in Software Engineering degree, I maintained a 3.4 CGPA. During my stay at the university, I was involved in a variety of extracurricular activities and served as the head of the programming society. These experiences enabled me to gain useful skills and form significant relationships with my peers.

WORK EXPERIENCE

Laravel Developer

Jan, 2023 – Continue

Softrix Technologies

- Collaborate with a team of developers to build and maintain a large-scale web application using Laravel, Javascript, and MySQL.
- Develop and implement new features and functionality, while also improving existing code.
- Write efficient and reusable code while adhering to industry best practices.
- Troubleshoot and debug issues to ensure optimal performance and user experience.
- Participate in Agile development process and daily stand-up meetings.
- Collaborated with project managers to ensure projects were completed on time and within budget.
